

Say good-bye to storing processed paper checks

Say hello to Check Imaging

Introducing a new
way to manage your
personal or business
check records.

It's smart and it's **FREE**

- A new feature option available with many of our checking accounts.
- Receive scanned images of your checks with your monthly statements instead of the physical checks.
- No need to store bulky checks and deposit slips.
- Easily balance your account with check images that are sorted in numerical order.
- Request copies of check images from the bank which are digitally stored for 7 full years.
(Up to 3 free copies per statement cycle.)

Additionally, view check images and deposit slips online if you are enrolled for online banking.

Sign up today. Call or visit your local branch of account to sign up for Check Imaging – it's **FREE!**

CALIFORNIA  BANK
TRUST

Check Imaging...

Another Smart Solution provided
by California Bank & Trust.

At California Bank & Trust we're always looking for ways to provide our customers with rewarding banking relationships. This includes offering expanded product feature options and innovative technology, such as Check Imaging, that allows convenient access and management of your banking accounts.

Learn more about Check Imaging by contacting your local branch of account or visit www.calbanktrust.com/checkimaging.

Paperless eStatements...

The option of paperless eStatements is also in the works! Look out for more information to come.

Check Imaging is available on all personal and business checking accounts except for Basic Checking and Cost Saver Checking.
