

We're Going Straight to the Authority on Customer Service

Take a quick survey to tell us how we're doing.

Share some thoughts about your banking experience with California Bank & Trust by completing a brief survey. Your response will help us measure our efforts to provide customers like you with the highest level of service.

The process is simple and the survey is administered by a third party provider, Allegiance Inc., which allows you to remain anonymous.

Visit www.calbanktrust.com/servicequality

We look forward to hearing from you!
